

FACT SHEET

Citracado Parkway Extension

CITY OF ESCONDIDO

PROJECT STATUS

Construction on the project began on September 6, 2022

PROJECT BUDGET

The estimated cost of construction is **\$23.8 million**.

PROJECT LOCATION

Citracado Parkway, between West Valley Parkway to Andreesen Drive.

Citracado Parkway, Current Configuration North End at Andreesen Drive

Citracado Parkway, Current Configuration South End at Harmony Grove Village Parkway

PROJECT OVERVIEW

The City of Escondido (City) will improve Citracado Parkway from West Valley Parkway to Andreesen Drive.

Improvements include a new bridge structure over Escondido Creek connecting approximately 2,100 of road between Harmony Grove Village Parkway and Andreesen Drive. The project will also add one vehicular lane, bike lanes and sidewalks in each direction between Harmony Grove Village and West Valley Parkway. These enhancements will add capacity and shorten travel times.

WHAT TO EXPECT

During construction, the community can expect intermittent road closures, utility relocation as well as wall reconstruction. Some activities may be loud; however, crews will mitigate impacts to the community to the extent possible.
